

I'LL DO IT  
IN MY WAY!

From experience I've noticed that ladies my age join Agora Club life mostly of social matters.

When the kids are all grown up and leave the house usually it remains more free space in the house and more free time to spend as they like. People don't go on vacation as they used to, they start searching for a different way to travel.

Ladies are always interested how other cultures live their life, how they eat, dress, deal with problems and have fun.

To encourage creativity and friendliness, ladies from Agora Club International can share the hostess life style by spending a few days together just for fun and relaxing, in safety.

Guests will be treated with hospitality, respect and shown the values and beauties of the host country, as everybody would like to be treated when they travel in other places.

The program “ I’ll do it in my way” can be developed on any theme according to the club’s wishes and has to be promoted (for example 6 months) before in the newsletter.

Guests have to prepare something in advance according to the theme and to participate to the program.
