ACI Day - 14 Nov

Orange the world

In November we also have the International Day for the Elimination of Violence against Women on 25th and girls together with the 16 days of activism against gender based violence. The theme is orange to represent a brighter future free of violence as statistics show that 1 in every 3 women have been abused in their lifetime. While pervasive gender based violence is not inevitable. It can and must be prevented. Stopping this violence starts with believing survivors, adopting comprehensive and inclusive approaches that tackle the root causes, transform harmful social norms, and empower women and girls..
