# This newsletter is a SPECIAL EDITION in a special situation about special ladies

#### My dear friends,

*Is first time in Agora history when we have present in our newsletter 20 Agora countries.* 

Pictures value as thousand words and speaking English is not necessary to read this edition. I hope it will be a source of satisfaction for everybody to see how Agora ladies around the globe get over lockdown and pandemic. Every picture means something very important for some people. Ladies have done a lot of efforts during this pandemic, they collected and donated thousands of euro, goods, food, medical supplies, some of them risked their health, spent a lot of time and money trying to help. Some ladies worked really hard, sometimes side by side with other organizations.

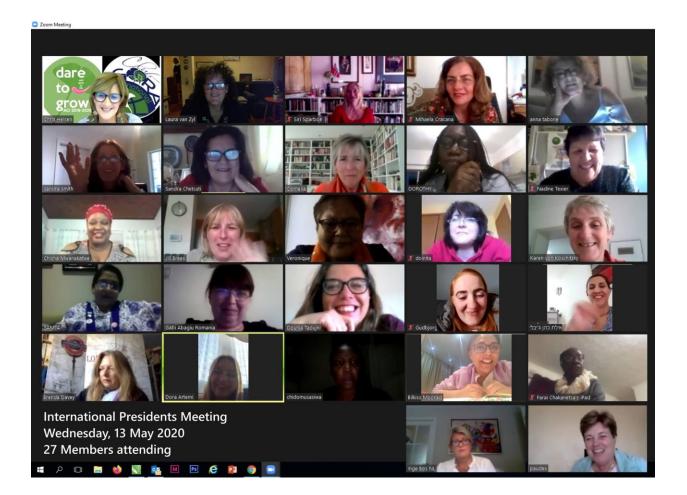

In this time took place also some happy events like charter of new clubs in virtual way.

Agora meetings moved in on-line, ladies get used with technology and internet- you can see this on their faces on the screen. AGM's took place on-line, local, national and even EGM international!

Masks become part of everyone's outfit, grey hair became fancy, alcohol get a new external use, the scales went crazy... let's hope things will get better and we'll take back our normal lives.

> *Mihaela The ACI secretary*

Das hat super geklappt, Tafelhilfe umgesetzt. Viele fleißige Helfer und Spender. Jetzt sind acht Autos im Einsatz um die 148 gepackten Tüten für 325 Personen zu verteilen. Ein riesiges Dankeschön einfach an alle, die sich in irgendeiner Form beteiligt haben!
